

Your photo-to-cover brief

Fill this in before generating. One clear idea is enough to start.

1. Release details

Artist name and exact track / release title:

2. The feeling of the song

In one sentence: what should a listener feel?

3. Your reference photo

Which photo will you use? Confirm permission for the intended use.

4. What must stay recognizable?

Subject, expression, meaningful clothing, location or object:

5. What may change?

Background, lighting, crop, palette or other details:

6. What should be left out?

Extra objects, misleading text, visual clutter or unwanted styles:

7. Your attempt budget

Current balance: ____ Maximum attempts: ____ Maximum edits: ____

Before you upload the finished artwork

- ☐ Check names and title at thumbnail size.
- ☐ Inspect the downloaded file, not only the preview.
- ☐ Confirm current distributor requirements and reference rights.

Covermatic generation: 5 credits per attempt. An edit uses another 5.

An attempt is not a guaranteed finished cover. Check current costs and your balance.
